# PROCESS TO AVAIL THESE SERVICES

One face across all channels

## STEP 01

### Pre-engagement

Using any of the channels that you feel convenient, send our team some information on your needs; our dedicated account manager understands your operations and prepares a scope of work.

## STEP 02

### Engagement

Pricing, timelines, and deliverables are communicated and signed off on to develop clear expectations and responsibilities. You get access to a virtual data room for record sharing and retention.

### STEP 03

## Execution

A dashboard is established to keep track of each activity, log hours to mark progress and share updates. Project managers keep service providers on their toes to deliver all services on time, keeping an eye on quality.

### STEP 04

## Completion

Deliverables are shared with you and a single invoice is sent for all services rendered, making payment convenient and simple.
